

GreenChem

AdBlue®4you

1000 litre IBC

1000 litres of AdBlue®4you available anytime

Description

GreenChem offers special AdBlue® 1000 litre IBCs with the possibility to integrate a manual or electrical pump. To make sure you get the best experience from our IBCs systems, they can be equipped by gravity feed kit, bottom valve, CDS system and breathing system on the top. Combined with a manual or electrical pump, you get a great solution for 1000l of **Adblue®4you!**

One of the main advantages of our IBCs is that you can place it where you really need it.
